PROFESSIONAL SUMMARY

I am a Frontend Developer with 2 years experience in creating responsive, user-friendly web applications. Deep expertise with HTML, CSS, JavaScript and a modern framework like React Converting UI/UX designs into high-quality code that works on all major platforms and optimizations in terms of speed. Analytical problem solver with a keen eye for attention to detail and ultimately tries every way possible to create the ultimate user experience.

PROJECTS

Fresh fruits ecommerce website

- React, Tailwind CSS, Framer-motion.
- A responsive online store built with React and Tailwind CSS, offering a range of products from electronics to fashion. Features include product browsing, a shopping cart, and a streamlined checkout process.
- <https://fresh-fruits-ecommerce-website.vercel.app/>

React Calculator App

- React, Tailwind CSS
- Built a simple calculator with react that handles input changes, user interaction, and complex calculations.
